CORPORATE PROFILE

ABOUT US

Established in 2005 by a team of young and passionate entrepreneurs, Amazon Interior Design embarked on its journey to make a mark in the Interior Design industry.

With the high volume of referrals by existing customers, Amazon Interior Design remained steady in the gloomy economy whilst facing the fierce competition against the bigger players in the market.

Without a shop front, it is through impressive credibility and quality workmanship accompanied by dedicated service that kept the Amazon team strong and ever growing.

In the 8 years of establishment, Amazon has not only handled a high amount of residential and commercial project locally, but also ventured in China, India and Jakarta, building their portfolio of commercial and residential projects in the regions.

With the objective to become one of the industry's big players, Amazon Interior Design aims to achieve their aim through the traditional way- empathizing customer's needs, budget yet never compromising on the service and workmanship.

This is the key to their achievements so far, and it will remain true along the journey ahead.
